- Apply stripping solution liberally to floor with mop.
- Allow to work for 5-10 minutes; more contact time may be required for sealer removal. Do not allow the floor to dry. Rewet with stripping solution as required.
- Scrub with autoscrubber or low speed (175-350 rpm) floor machine equipped with a black or high productivity stripping pad or stripping brush.
- Pick up solution with an autoscrubber or wet vac.
- Rinse well with clean water and allow the floor to thoroughly dry.
- Apply Sanilabs floor coatings according to label directions.
