
Window Kleen

CLASSIFICATION:

- Concentrated glass cleaner

PACKAGING:

Jug	Pail	Drum
4L	20L	210L

DESCRIPTION:

- **Window Kleen** is a concentrated non-ammoniated glass, mirror and hard surface cleaner.
- **Window Kleen** quickly penetrates and removes grease, smoke, grime and general soils.
- **Window Kleen** is fast drying and streak-free.

CHEMICAL AND PHYSICAL PROPERTIES:

- Appearance Clear blue liquid
- Odour Lemon + alcohol
- pH, Concentrate 7.0-85
- Specific Gravity 0.97
- Viscosity Less than 20 cps

USE DIRECTIONS:

Dilute 1:2 to 1:3 in cold water

- **Smaller windows, mirrors, wood furniture:** Spray diluted **Window Kleen** onto a lint free cloth. Spread over surface and buff dry.
- **Large windows:** Apply diluted **Window Kleen** with a sponge mop directly to the window. Spread/clean and squeegee off.
- **Counters and other hard surfaces:** Apply diluted **Window Kleen** with a trigger sprayer. Wipe with a clean cloth.

See Material Safety Data Sheet for proper handling and safety instructions.
