

## BioMaster Fresh Encounter Ultra Concentrate

### CLASSIFICATION:

- Biological / enzyme formulated ultra concentrated all purpose cleaner / odour counteractant

### PACKAGING:

Jug	Pail	Drum
4L	20L	210L

### DESCRIPTION:

- An ultra concentrated biological / enzyme product, safe (neutral pH) which cleans and eliminates odour in one step. The biological / enzyme agents continue to work upon drying.
- Bacterial count: 500 billion cfu/gallon
- The biologicals / enzymes in **BioMaster Fresh Encounter Ultra Concentrate** attack protein, starch, carbohydrates, fats, oils, greases.
- **BioMaster Fresh Encounter Ultra Concentrate** has a unique, dual action odour counteractant system. A comprehensive synergistic blend of biologicals and essential oils (derived from plants) quickly attack the malodour molecules, eliminating (not masking) the source of the problem.
- Ideal for use for problematic odours such as smoke, pet odours, urine, bathroom and locker room odours, as well as for drain line, grease trap and septic waste management.
- Safe for use on any water washable hard surface as well as carpets, upholstery, fabrics.

### CHEMICAL AND PHYSICAL PROPERTIES:

- |                    |                                    |
|--------------------|------------------------------------|
| • Appearance       | Clear colourless liquid            |
| • Odour            | Characteristic odour counteractant |
| • pH, Concentrate  | 7.5 – 8.5                          |
| • pH, 1:64         | 7.0 – 8.0                          |
| • Specific Gravity | 1.00                               |
| • Viscosity        | Less than 20 cps                   |

### USE DIRECTIONS:

- Dilution: Dilute **BioMaster** in lukewarm to cold water at 1 oz/gal.
- **General Hard Surface Cleaning:** Apply diluted product with spray, mop and bucket, rag, foamer, etc. Allow to remain wet for 5 minutes before drying.
- **Carpet and Fabric Cleaning / Deodorizing:** Spray diluted product onto carpet or fabric. Allow to sit for 5 minutes and blot.
- **Drain Line, Grease Trap, Septic Waste Management:** **BioMaster** will help to maintain grease trap and septic waste under normal use conditions. For use as a separate septic waste management agent, flush 1 oz of concentrate down drain twice weekly. Add 1-2 oz to grease traps, or diluted in a 5 gal pail for floor drains.

*See Material Safety Data Sheet for proper handling and safety instructions.*
