

Concrete / Asphalt Products

Concrete Products

CV210 Concrete Remover (Polished Aluminum Safe)

For the removal of heaviest concrete residues. Ready to use formula, applied with foamer. Safe for use on polished aluminum.

CV220 Concrete Descaler

Extremely concentrated, foaming organic salt based concrete descaler for concrete and cement vehicles. To be used through foaming system. Quickly dissolves concrete and concrete dust. Also effective at removing grease, oils and general road grime. Non-hydrochloric acid formula.

CV230 Concrete Descaler

Organic salt based concrete descaler for concrete and cement vehicles. Positioned for manual application and cleaning. Quickly dissolves concrete and concrete dust. Also effective at removing grease, oils and general road grime. Non-hydrochloric acid formula containing corrosion inhibitors.

Asphalt Products

CV310 Asphalt Remover

100% active product for removal of heavy buildup on asphalt vehicles. Removes asphalt, tar, hardened grease, grime and oils. Also suitable for use on machinery, tools, automotive parts, and engines. Water thin product.

CV320 Asphalt Remover Gel

Heavy duty, ready to use sprayable cleaner that clings to surfaces, providing increased contact time. Removes asphalt, tar, hardened grease, grime and oils. Suitable for use on pavers / radiators, machinery, tools, automotive parts, and engines.

CV350 Asphalt Remover (Rubber Safe)

100% active product for removal of heavy buildup on asphalt vehicles. Removes asphalt, tar, hardened grease, grime and oils. Also suitable for use on machinery, tools, automotive parts, and engines. Will not attack rubber, gaskets, etc. Water thin product.

Release Agents

CV410 Release Agent

A concentrated dump box release agent. Dilutable up to a 1:10 ratio. Replaces diesel fuel.

CV420 Release Agent

A concentrated dump box release agent. Dilutable up to a 1:10 ratio. Replaces diesel fuel.

CV430 Release Agent

A highly concentrated release agent. Dilutable up to a 1:30 ratio. Replaces diesel fuel. Efficient on both standard and polymer based asphalt.

CV445 Release Agent

A ready to use, extremely efficient concrete and asphalt release agent. Replaces diesel fuel. Efficient on both standard and polymer based asphalt.

General Vehicle Products

Truck Wash

Foaming truck wash. Removes heavy road film, grease, oil, carbon deposits and general soils. Apply through foaming system. Soft metal safe (including aluminum) at all concentrations. Non-solvent, non-caustic formula.

Bus Wash

Bus detergent for use in automatic wash equipment. Removes road film and soils, grease and grime. Neutral pH, non-solvent formula safe for use on any surface.

Bus and Truck Rim Cleaner / Prewash

Heavy duty rim cleaner and prewash for buses, trucks. Removes brake dust, soil. Not for use on polished aluminum surfaces.

Foamy Vehicle Wash

A highly concentrated manual exterior car wash detergent. Emulsifies road soils, and produces a dense foam which suspends the soil until rinsed away. Neutral pH, non-solvent formula safe for use on any surface.

ReNew

Ready to use cleaner, shine enhancer and protectant for a wide variety of surfaces. Ideal for use on furniture, automotive dashes, rubber tires, interior and exterior plastic. Leaves no oily, waxy film or buildup.

Aluminum Brightener

Aluminum and steel brightener. Removes corrosion / oxidation, chemical burns. Ideal for use on tankers. Not for use on polished aluminum or steel.

Car Rim Cleaner

Rim cleaner for cars and light trucks. Removes brake dust, soil.

Shop Products

CitraMax

Heavy duty citrus based concentrated cleaner for tough degreasing jobs. Removes heavy grease, oil and general soils from a variety of surfaces including shop floors, equipment.

Liquid Gold

Extremely powerful citrus based cleaner for most severe degreasing applications, including transmission and engine cleaning, spot tar removal.

Simply Soy Degreaser

Renewable soy based degreaser for extreme cleaning / degreasing. Suitable for use in a multitude of applications including engine and equipment degreasing, spot tar removal. Dilutable in hot or cold water. Will not attack rubber seals, gaskets.

EcoAssure Citrus Concentrate

Concentrated low foaming degreaser which meets or exceeds all criteria contained in all major North American Environmental Standards. Formulated with citrus solvent / d-Limonene. Effective against grease, oil, crayon, pen, marker, pencil, food soils, carbon soils (soot), light tar/adhesive and general particulate soils. Suitable for use on shop floors, walls, equipment, engines, countertops, fixtures, sinks. Ideal for use as a dilutable citrus based spray and wipe product.

Soft Metal Safe Degreaser

Highly dilutable degreaser for use on all floors, walls, equipment. Soft metal safe (including aluminum) at all concentrations. Removes heavy soils including grease, oil and carbon deposits. Low foaming, solvent-free formula.
