
Spray-N-Kling Ban-O-Dor

CLASSIFICATION:

- RTU clinging liquid odour counteractant

PACKAGING:

Jug	Pail	Drum
4L	20L	210L

DESCRIPTION:

- Powerful odour counteractant, eliminating a wide variety of malodours.
- Sprayable from a trigger or pump up sprayer, yet thickens upon hitting the surface, providing excellent vertical cling.
- Ideal for use in trash bins, garbage chutes, and other extremely problematic malodour applications.

CHEMICAL AND PHYSICAL PROPERTIES:

- | | |
|--------------------|------------------------------------|
| • Appearance | Clear pale amber thick liquid |
| • Odour | Characteristic odour counteractant |
| • pH | 6.5 – 7.5 |
| • Specific Gravity | 0.95 |

USE DIRECTIONS:

1. Use in undiluted form.
2. Although the product is thick, it will thin when stressed during spray to provide good spray coverage. Spray evenly onto surface.

See Material Safety Data Sheet for proper handling and safety instructions.
